I don't know if anyone should attend today's meeting to listen to the presentation from the SLR people, but they do make allegations concerning spills that we should evaluate to see if there is any action that we need to take. We should call La sometime soon to find out what they are doing and coordinate our investigation into possible spills.

This is the material Tim Hardy sent to us. I expect he will make this presentation tomorrow. I think Bill was going to send an email to Carl Edlund, for an OPA representative and have Ben Harrison attend. Tim Hardy is an attorney and a friend of Sam's. The more attorneys the better, right?
